Principle objectives
1. To guide students through the complex cultural, social, political, and economic stakes of global interdependence.
2. To assure a measurable proficiency in a foreign language.
3. To assure regional cultural competency through a structured and integrated abroad experience.
4. To provide a historical dimension to current conceptions of globalization.

Dear Chris,

Thanks again for coming by to meet with us about the new GIS track in International Studies.

As we discussed, we will be revising two of our tracks to add some additional courses in the college of Geosciences.

International Studies: International Geographic Information Systems Track
We will be adding ATMO 201, GEOL 101, GEOS 210, and OCNG 251 to the list of elective courses in the track.

International Studies: International Environmental Studies Track
We will be adding ATMO 201 and GEOS 210 to the list of elective courses in the track.

Could you please send me a letter of support (a response to this email should suffice) stating that your college approves of these changes? I will need to include this document when I put the curricular changes up before the committee.

Thanks!

Best,

Stefanie

Hi Chris,

In putting the paperwork together, I discovered 2 additional courses that I think we can add to the electives list for the INTS: GIS track.

GEOG 324 Global Climatic Regions
GEOG 327 Geography of South Asia

These two courses would join the other elective courses of this type (GEOG 320, 323, 325).

Please let me know if you approve this addition.

Thanks!

Best,

Stefanie
