1. College of Agriculture & Life Sciences (COALS) UPC Standard Operating Procedures (for your information only, no vote required, if you have any feedback for COALS, please send your comments to the COALS UCC representative)

As a reminder, each college should be working to revise their college level standard operating procedures. This month's agenda includes the operating procedures from College of Agriculture & Life Sciences (COALS). This agenda item is an information only item (no vote required). If you have feedback for COALS about their procedures, please send your comments to directly to Craig.

[..\SOP\Updated 2023 COALS UPC Standard Operating Procedures.pdf](#)

2. **Proposed revision to the New Certificate Proposal form**

Alicia Dorsey shared the attached document which contains a proposed revision to the New Certificate proposal form. Please review the form and share any feedback you have with Alicia (amdorsey@tamu.edu).

- Alicia shared the following information about the changes in the document.
"[We have been working to simplify] the proposal form for new certificate programs to minimize unnecessary information being gathered and minimize confusion. I reviewed the revised form with the provost and his leadership team ... and have been given the green light to move ahead ... You will see that I also have incorporated the essential information for certificates that are being proposed to be offered via DE, again to reduce redundancy of information being gathered and minimize the number of forms programs are expected to complete."
