The committee discussed the following under Other Business.

1. Aggie ACHIEVE curricular requests

The committee discussed a couple of courses last month that were proposed for Aggie ACHIEVE program signed by Dr. Olivia Hester. The committee decided they wanted to see a letter from current director, Dr. Carly Gilson, and asked for the letter to be dated and specific to the course to include course number. The Aggie ACHIEVE program does not want syllabi to be obviously different from regular syllabus. Rather than having a large header, the syllabus would just indicate in the credit hour section "Zero credit for Aggie ACHIEVE".

2. UCC policies and procedures

Dr. Jasperson presented slides as dispersed to committee members before the meeting. The slides point to the various documents that are the guidelines for what the UCC does.

[a. Definition of a Credit Hour \(University Rule 11.03.99.M1\)](#)

[b. Curricular Processes \(SAP 11.99.99.M0.01\)](#)

[c. Substantive Change \(SAP 11.99.99.M0.02\)](#)

[d. UCC Standard Operating Procedures](#)

It was discussed that as a representative on UCC, there is some responsibility to share this information with respective units to help make sure units are aware of where to get information, where procedures are, and how the committee approves curricular items.

During this discussion, it was pointed out that there are two separate documents for syllabus/course review. There is the Syllabus Template and then there are the actual Minimum Syllabus Requirements (MSR) which include checklist style items. Recommended actions are for the committee to make a list of the most common errors that are showing up when proposals are reviewed and the committee can share and provide input. Dr. Hill Price indicated a start of this list to share with the committee.

The committee discussed the Curricular Services Review and how the initial review of proposals is being handled. Committee members expressed that the review notes are helpful and informative when reviewing courses for UCC. It was also discussed that the rigor is appropriate. Further communication between the UCC and GC can be had in the future to ensure that both committees have the same expectations of proposals. Committee decided to have Curricular Services continue what they are doing. The idea of this discussion was to make sure everyone agrees with the initial review of the proposals and what the committee is expected to do in their roles as members of this committee.

Committee members also noted the way UCC assigns agenda items for members to review is efficient and has helped to ensure that all agenda items are getting reviewed.

3. UCC Chair Elections

Nominations were opened. Dr. Jon Jasperson was nominated and accepted the nomination. Vote was held and Dr. Jon Jasperson was elected UCC Chair for another term.

4. UCC Vice Chair Elections

Nominations were open. Dr. Jim Herman was nominated. Vote was held and Dr. Jim Herman was elected to serve as UCC Vice Chair for another term. Dr. Jim Herman accepted.
